SIEF – Potassium hydrogensulfite

- **Lead Registrant: to be decided**
- **SIEF Facilitator: SDIOC** on behalf of the Lead Registrant.
- Pre-registrants can participate in the SIEF at different activity levels: very active, involved, passive, and dormant.
- The SDIOC is currently preparing the registration dossier, i.e. the IUCLID file, in cooperation with the SIEF. The Lead Registrant will submit the REACH Registration Dossier. All other co-registrants will refer to it when submitting their registration.

Registration and ongoing activities:

- **October 2015:**
 - Foreseen registration of the substance via REACH-IT.
- **Current activities:**
 - Formation of the SIEF
 - Preparation of Sameness Survey; participants are considered to be **Active Members** of the SIEF. The Secretariat of the SDIOC will work with **Active Members** within each SIEF.
 - The Lead Registrant will be elected within the survey campaign
 - SIEF members that offer data for sharing will be contacted
 - The results of the substance sameness survey were sent to all pre-registrants.
 - A SIEF member letter will be sent to all participants of the Substance Sameness Survey.
- **Further activities:**
 - Identification of Downstream Uses for ammonium hydrogensulfite
 - An actual list of the identified downstream uses will be published on the website soon
 - Status of projects for preparation of the technical dossier:
 - Data gathering / relevance and quality screening: ☑ Completed for public & SDIOC data
 - Data gap analysis (read-across, derogation/waiving): ☑ completed
